Telephone 0151 477 8205

Date 17th May 2019

Dear Parents and Carers,

A big well done to all our Y6 and our Y2 children – for the effort that all worked on their SATS with – the children coped very well with them and all tried their best – which is all we can ask! Thank you for all of your cooperation this week with bringing Y6 to SATS breakfast – the children had a great start to the day .A big thank you to all staff involved with helping these children.

Mrs. J. Mousley
Headteacher

Daily Mile

School have been taking part in an event with Knowsley school partnership in completing the daily mile today at the same time as schools around Merseyside! We have tweeted out pictures of the cohorts taking part at various times in the day! Well done to all!!

Most Improved Handwriting this Week

We are continuing to have a focus on handwriting. We have a handwriting board on the school corridor which displays one beautiful piece of work for each class in school each week. As well as this we are giving certificates out in assembly for the child with the most improved handwriting each week and their name will appear in the newsletter. So for this week we have the following pupils with the most improved handwriting this week;

Class Owen	Joka	Class Kirby	Max Neville Webbe
Class Adams	Iyla Fitzpatrick	Class Howard	Isabella Long
Class Bamber	Ava Ely	Class Rigby	Elijah Jones
Class Moore	Harlea O'Brien	Class Fisher	Heather Rose Davies
Class Barlow	Summer Joyce	Class Plessington	Olivia O'Neill
		Class Clitherow	-

Kirkby Scibar – May meeting

The next SciBar meeting will be on Tuesday 21st May from 7.00pm to 9.00pm at Holy Angels Social Club, Sydney Powell Avenue, L32 OTP in Westvale.

The talks are accessible and suitable for older primary school children and anyone above that – basically from 10 to 110!

This month's topic is - How do you observe 1.35 billion cubic kilometres of Ocean?

Dr Matt Donnelly - Marine Data Scientist

The oceans play a key role in the climate and provide a habitat for a wide range of marine life, but with an average depth of 3.7km how on earth do you collect the data to understand it's physical properties, how it moves and how it supports life?

Find out about the robotic Argo floats used to sustain our observations of this dynamic underwater world.

SciBars are simply science in a bar or a Social Club. Every month we bring you a different scientist who leads a discussion about their research. Come and enjoy a drink and a lively scientific discussion at the Kirkby SciBar. You don't need to know any science at all.
