

# 2020-2021 Sports Premium Spending Plan

## National Context

In July 2017, The Department for Education made the following statement:

“The DfE understands that schools are keen to know how much funding they will receive so that they can plan for the next academic year, and are seeking to communicate high level principles in preparation for the new academic year. These will be announced in due course, however, we can confirm that all schools will see an increase in their premium allocation.”

## Funding for 2020 – 2021

School will receive £16,000 and an additional payment of £10.00 per pupil (Years1-6). School level breakdown of funding for 2020–2021 including conditions of grant were published in October 2018.

## **Purpose of funding**

Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding might include:

- hiring specialist PE teachers or qualified sports coaches to work with primary teachers when teaching PE
- supporting and engaging the least active children through new or additional Change4Life clubs
- paying for professional development opportunities for teachers in PE and sport
- providing cover to release primary teachers for professional development in PE and sport
- running sport competitions, or increasing pupils' participation in the School Games
- buying quality assured professional development modules or materials for PE and sport
- providing places for pupils on after school sports clubs and holiday clubs pooling the additional funding with that of other local schools.

## **Accountability**

From September 2013, schools have been held to account over how they spend their additional, ring-fenced funding. Ofsted strengthened the coverage of PE and sport within the 'Inspectors' handbook' and supporting guidance so that both schools and inspectors knew how sport and PE would be assessed in future as part of the school's overall provision.

Schools are required to include details of their provision of PE and sport on their website, alongside details of their broader curriculum, so that parents can compare sports provision between schools, both within and beyond the school day
