Dear Parents and Carers,

Welcome back to a new school year, the children have all settled into their new classes, reunited with their friends and made new friends with different classmates! A big welcome to all our new families throughout school and to our new families in Nursery and Reception class – I hope your child's time here at Saints Peter and Paul is a wonderful time for them. Its amazing that we are at the end of our second week already!

The pupils look very smart in their new school uniform, please remember it is shirts and ties in the Autumn term, polo shirts are only to be worn as part of the summer uniform after Easter. PE kits on PE days – NO gym wear to be worn for PE – only PE kits.

Reinforced Autoclaved Aerated Concrete (RAAC)

You may have seen recent media coverage regarding Reinforced Autoclaved Aerated Concrete (RAAC) and its use in educational settings. RAAC is a lightweight form of concrete; because it is weaker than regular concrete, concerns have been raised about its long-term durability. The Department for Education (DfE) has recently changed its guidance to education settings on the management of RAAC to take a more precautionary approach, and as a result areas in affected spaces will be vacated.

We wanted to inform you that we are not affected by this decision as we do not have RAAC in our building, and therefore we will continue to function as normal. We understand that parents may want to understand more about the support to educational settings to manage RAAC safely. You can read more through the article published by the DfE on the The Education Hub - [List of schools affected by RAAC and what you need to know about the new guidance - The Education Hub \(blog.gov.uk\)](#)

I hope that this offers reassurance.
